inOne SME.
Everything in one flexible package.

The best mobile network*, highspeed Internet, suitable services and advanced IP telephony: inOne SME combines all your business communication – in and out of the office – in a single package.

inOne SME mobile

Unlimited telephony across Switzerland, SMS/MMS and surfing in the best network in Switzerland.* And take advantage of the roaming allowance abroad.

+

inOne SME office

Business Internet
Powerful, secure Internet, with a fixed IP address if required, and a router developed for SME needs let you enjoy the best surfing experience.

Business Service
Professional advice and support from SME specialists. Continue surfing and making calls without interruption when the Internet line is down via the mobile network thanks to the «Internet Backup» fail-safe guarantee.

Business Telephony
Thanks to advanced technology, you enjoy new functions in the office and can also make calls on your mobile with your fixed-network number via the Business Telephony app.

Optional: Swisscom blue TV
You can combine inOne SME with Swisscom blue TV Public for public viewing or Swisscom blue TV L for private use.

=

swisscom

All prices in CHF and per month.

Unlimited calls/SMS/MMS: calls/SMS/MMS to business, short-dial and special numbers will be billed. Unless expressly stated otherwise, all tariffs and data allowances apply for use in CH. 12-month minimum contract period, unless otherwise agreed. All subscriptions listed apply for normal personal use and primary use within Switzerland. Outside of Switzerland, subscriptions apply for normal personal use while travelling and during temporary stays abroad. Swisscom reserves the right to curtail or restrict the service or take other appropriate steps if it establishes that usage deviates significantly from the norm (e.g. use primarily outside of Switzerland), or if there are justified indications that the SIM is being used for special applications (e.g. surveillance applications, machine-to-machine, direct dial or continuous connections). For more information about the Fair Use Policy, see swisscom.ch/fup and for change terms, see swisscom.ch/change-subscription

inOne SME mobile

1 Telephony from Switzerland to the EU/Western Europe, the USA/Canada is included. Telephony from these countries to Switzerland is also included. For the list of countries, see swisscom.ch/roaming
2 Telephony within World 1 zone is included. For the list of countries, see swisscom.ch/roaming
3 Telephony from EU/Western Europe is included. Telephony from Switzerland to the EU/Western Europe will be billed.
4 Applies to almost all countries. For excluded countries and general tariffs, see swisscom.ch/roaming. Value-added services and special numbers excluded.
5 Up to 100 GB per month in the EU/Western Europe, the USA and Canada; once used up, speed is reduced to 128 kbit/s.
6 World 1 zone surfing allowance up to 10 GB per month. Rest of the world 1 GB per month. For the list of countries, see swisscom.ch/roaming
7 Up to 40 GB per month in the EU/Western Europe; once used up, speed is reduced to 128 kbit/s.
8 Included volumes apply to almost all countries. For excluded countries and general tariffs, see swisscom.ch/roaming
9 To use the 5G network, you will need a 5G-connected site and 5G-compatible smartphone. For more information on expansion of the network and availabilities, see swisscom.ch/5G
10 With their subscription, inOne SME mobile premium customers can use up to 3 additional devices from the Smartphones & Tablets category and up to 2 additional devices from the Watches & Wearables category free of charge. With their subscription, inOne SME mobile go and Connect Pack customers can use up to 3 additional devices from the Smartphones & Tablets, Watches & Wearables and Trackers & Sensors categories free of charge.
11 Up to 40 GB per month in the EU/Western Europe, the USA and Canada; once used up, speed is reduced to 128 kbit/s.
12 Minimum contract period one month. Automatically extends on a rolling monthly basis thereafter, with the option to cancel at any time.
13 The International Calls and Premium Speed options are not available with Swiss SME mobile light plus.

inOne SME office

14 The available speed depends on the local optical fibre expansion and the router in use. A Swisscom connection with an optical fibre line to the business premises is usually required for identical upload and download bandwidths. Check the maximum speed available for your business address at swisscom.ch/checker
15 Guaranteed fault rectification by next working day: we prioritise recovery of your services and ensure that they are back in operation as usual by the next working day (within 10 hours during the support times Mon–Fri 8 am–7 pm and Sat 8 am–5 pm).
16 The service covers standard maintenance and support services for all mobile and fixed office equipment as well as Microsoft 365 applications for 3 users.
17 Additional phone numbers possible: available for a monthly payment of 9.– per number on a per-minute rate (with Business Telephony L, M and S) or with free national telephony for 19.– per number per month (only with Business Telephony L). Phone numbers on the per-minute rate: 0.08/min to all Swiss fixed networks, 0.30/min to all Swiss mobile networks including Liechtenstein. Billing is in 0.10 blocks.
18 Round-the-clock in all fixed and mobile networks of all countries in the EU/Western Europe, USA (excl. territories of the USA) and Canada.
