

# The appropriate mobile data option

## Mobile data communication in Switzerland – work efficiently

With the right speed, you can really make the most of your laptop, tablet or smartphone. The speed supported by your device is crucial for user-friendly surfing. Would you like to work efficiently when on the move? Our data options provide the ideal solution for any terminal device and communication behaviour.

### Choose the appropriate mobile data option:

Data Options	Data Option Business start	Data Option Business S	Data Option Business M	Data Option Business L	Data Option Business XL
<b>Your communications activity</b>	You surf the Internet, read and reply to your e-mails.	You read your e-mails and surf the Internet occasionally. Your device does not support high speeds.	You surf the Internet, read and reply to your e-mails. Your device supports higher speeds.	You use your device frequently and need higher speeds.	You are a professional user and want the fastest downstream/upstream speeds.
<b>Recommended device</b>	Smartphone	Smartphone Tablet	Smartphone Tablet	Tablet Laptop	Tablet Laptop
<b>Data included</b>	500 MB	Unlimited	Unlimited	Unlimited	Unlimited
Speed limited to 64 kbit/s from	None <sup>1</sup>	5 GB <sup>2</sup>	5 GB <sup>2</sup>	10 GB <sup>2</sup>	10 GB <sup>2</sup>
<b>Download (speed), up to</b>	7.2 (Mbit/s)	1.0 (Mbit/s)	15.0 (Mbit/s)	21.0 (Mbit/s)	100.0 (Mbit/s)
<b>Upload (speed), up to</b>	2.0 (Mbit/s)	0.5 (Mbit/s)	2.0 (Mbit/s)	2.0 (Mbit/s)	10.0 (Mbit/s)

<sup>1</sup> After the included volume has been reached, billing is per MB (see Prices & Services Mobile Communications, page 22)

<sup>2</sup> The speed limitation can be lifted with a 500 MB or 1 GB data package (see Prices & Services Mobile Communications, page 22)

### Increase the speed of your data option:

Speed Options	Speed 15	Speed 21	Speed 42	Speed 100
<b>Speed upgrade for</b>	Data Option Business start and Corporate Mobile Network/NATEL® data basic	Data Option Business M	Data Option Business L	Corporate Mobile Network/NATEL® data basic
<b>Speed upgrade to the next higher level</b>				
<b>Download (up to)</b>	15.0 (Mbit/s)	21.0 (Mbit/s)	42.0 (Mbit/s)	100.0 (Mbit/s)
<b>Upload (up to)</b>	2.0 (Mbit/s)	2.0 (Mbit/s)	2.0 (Mbit/s)	10.0 (Mbit/s)
