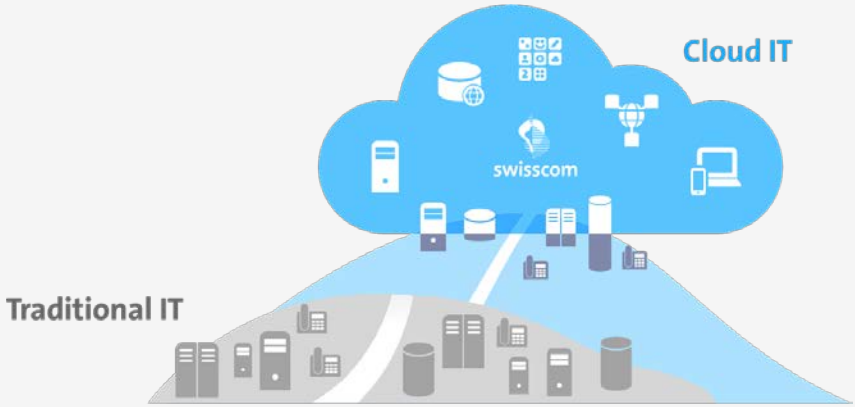
Journey to the Cloud Services

Service framework – 3 building blocks



Initial Assessment

Transformation Service

Discover Inventory > Perform Cloud Assessment > Solution Design & Plan > Transformation

Sprint 1
Sprint 2
Sprint n
Agile

Efficient and controlled migration of the existing systems into the best Cloud service.

Service Integration

Requirements > Design & Plan > Implemen-tation > Training

Sprint 1
Sprint 2
Sprint n
Agile

Integration of the Cloud services into customer's IT organisation and processes.

Base Standard Setup

Clean Order > Sprint 0 > Pilot

Highly standardised "out of the box" Cloud services. Base integration into customer's IT organisation and processes.

SERVERLESS

swisscom

- Ce n’est pas (qu’)une question de **technologie**
- Penser **l’organisation**
- Démarrer **simplement**… mais démarrer!
- La gouvernance des **données** est centrale
- Utiliser une technologie qui **s’accorde** à votre organisation
