

Automate your business processes with Robotic Process Automation (RPA).

From proof-of-concept to implementation, operation and maintenance of your RPA solution, Swisscom offers a comprehensive, attractive service.

Let your digital assistant carry out repetitive, non-value-adding activities so you can focus all your attention on your core business. Thanks to Robotic Process Automation (RPA), you can automate business processes quickly, simply and inexpensively without having to change your existing IT landscape. Increase your productivity while cutting your costs.

Your benefits with RPA Services from Swisscom

- Higher customer satisfaction thanks to shorter response and processing times.
- Eliminate human error and increase process quality.
- Stronger data protection due to fewer manual processes.
- Virtual workforce available 24/7.
- Simple scalability to deal with seasonal volume spikes.
- Lower processing costs and fewer operational risks.
- Increased productivity as a result of employees being freed up from repetitive tasks.
