Telephony devices

for Swisscom Webex Communications

IP telephones

Swisscom has tested the IP telephones and DECT devices listed in this document for use with Swisscom Webex Communication. Swisscom provides support for these devices. The devices can also be purchased from the Swisscom Hardware Webshop (in My Swisscom Business under «*Shop* > Hardware for landlines').
Other IP telephones and DECT devices may also be supported by Webex. However, Swisscom does not sell these devices and does not provide support for devices outside its own product range.
