

IoT Low Power Network Connectivity LoRaWAN

- Stable IoT connectivity, even in rural areas and other countries
- 24/7 monitoring and on-site IT support ensure maximum network availability
- Energy-saving, Swiss-wide geolocation without the use of GPS technology
- Pay only for what you use with no minimum term of contract

IoT LPN Connectivity Calculator

Connectivity profile	Number of devices	Price	Cost per month
LPN Basic profile		1.00	

Message type	Number per day	Every n minute(s)	Price	Cost per month
Uplink			0.00045	
Downlink			0.002	

Expected monthly costs in CHF
