

Make mobile calls with MS Teams Telephony using your Swisscom mobile phone number. Always remain accessible, regardless of location or device, and benefit from seamless enterprise-compliant communication.

Microsoft Teams Telephony Mobile – Perfectly seamless communication. Exclusively at Swisscom.

With MS Teams Telephony Mobile, you can connect your Enterprise Mobile subscriptions to the advanced communication and collaboration platform Microsoft Teams. You can be reached with your own Swisscom mobile phone number on all your MS Teams devices, ensuring your presence status in MS Teams is always up to date. Mobile lines are integrated into the organisation

so that call groups, hunt groups, call forwarding or the display of special call numbers function uniformly. This ensures a consistent telephony experience on all your team-enabled devices, regardless of the available networks and mobile end devices. You improve the quality of collaboration and communication in your SME with MS Teams Telephony Mobile, for everyone working on the move, from home or in the office.
